

Assignment -1
Python Programming

Assignment Date	25 September 2022
Student Name	A.Reegan Rajasekar
Student Roll Number	821919104022
Maximum Marks	2 Marks

Question-1:

- 1 . Create User table with user with email , Username , roll number , password.
- 2 . Perform UPDATE , DELETE Queries with user table.
- 3 . Connect python code to db2
- 4 . Create a flask app with registration page. login page and welcome page. By default load the registration page once the user enters all the fields store the data in database and navigate to login page authenticate user username and password . If the user is valid show the welcome page.

The screenshot shows a web browser window with the title 'SignUp'. The address bar displays '127.0.0.1:5000'. The main content area features a white rounded rectangle with a red 'SignUp' heading. Below the heading are four input fields labeled 'Username:', 'Roll Number:', 'Email:', and 'Password:'. A red 'SignIn' button is positioned below these fields. At the bottom of the form, there is a link that reads 'Already have an Account ? [SignIn](#)'.
